DECISION DETAIL

SPY

Instrument SPY	Release Target OMS
Mandate Sensitive No	Policy Exception No
Risk Exception Yes	PM Signoff Required No
Control Exception No	Financing Relevant No

Why Blocked / Why Releasable

Awaiting approvals: TRADER, RISK · risk review required

Rationale

REBALANCE SIGNAL: EQUITIES is +39.1% vs doctrine target (40%). Thifur-H recommends BUY to restore mandated allocation. Human approval required — Thifur does not self-execute rebalances.
